

Moss Harp Service

Road Service Regulation and Repair Price List

Effective: January 1, 2010

Pedal Harp Regulation: \$275
Pedal Harp Bass Wire Installation: \$35
Pedal Harp Complete Restringing: \$180 plus strings
Lever Harp Regulation: \$130
Lever Harp Complete Restringing: \$160
Partial Restringing: \$35 per octave plus strings
Remove and lubricate pedal rod tubing assembly: \$150
Replace Screw-on Pedal Caps: \$25 (includes caps)
Other repairs: \$100 per hour, pro-rated

Notes:

1. The prices above assume that the harp will be brought to the location where the technician is working. House calls, if available, may require a significant additional fee.
2. If you are interested in partial or complete restringing, Moss Harp Service can provide the strings. Please contact us in advance to order.
2. If you would like to have a harp restrung *and* regulated, please plan to leave it with the technician for three days to allow time for extra tuning prior to regulation. This does not apply to replacing the bass wires only. They can be replaced during a normal regulation appointment.
3. If you recently purchased a new Lyon & Healy or Salvi pedal harp, you may be eligible for a free first year warranty regulation. Please contact Moss Harp Service in advance. It will be necessary to obtain authorization from the manufacturer.
4. If you are aware of any broken parts on your harp, please notify us prior to the appointment so that proper replacement parts can be ordered.
5. Accurate regulation in the top two octaves depends on good string condition. If your first and second octave strings are more than 1-2 years old, please consider replacing them two weeks prior to a regulation appointment.
